

# DECOY

*Featherweight*

## 2023 CALIFORNIA SAUVIGNON BLANC

With a sleek 80 calories per serving, Decoy Featherweight is a lively and enticing Sauvignon Blanc crafted to the highest standards using grapes from the finest vineyards in California.

### VINTAGE NOTES

The 2023 California growing season began with plentiful winter rains that revitalized the soils after several years of drought. Cool spring temperatures led to later ripening trends, running anywhere from two weeks to a month behind average. Decoy's harvest kicked off on the North Coast with Sauvignon Blanc on September 7th, and we shifted into high gear towards late September when the weather warmed, bringing short heat waves that were followed by cooling trends. The October heat was a gift, pushing the grapes to optimum ripeness and phenological maturity.

### WINEMAKING NOTES

Decoy Featherweight is a refreshing lower-in-calorie\* and lower-in-alcohol\* Sauvignon Blanc, delivering delicate citrus notes of Meyer lemon, grapefruit, and lime; complemented by lush, tropical fruit flavors and a long, crisp finish. With uncompromising quality, Decoy Featherweight is crafted from the current vintage of Decoy Sauvignon Blanc, utilizing the same premium California fruit sourcing. The wine undergoes traditional winemaking methods before a portion goes through a spinning cone and vacuum distillation process that gently removes alcohol while retaining much of the original aromas and flavors. The alcohol-removed wine is then blended back into the base wine, resulting in a lively and enticing lower-in-calorie\* and lower-in-alcohol\* Sauvignon Blanc.

### WINEMAKING
